HELP TO BUILD YOUR BUSINESS

Standards for remodeling business operations

As a member of NARI Tampa Bay you will gain information to help you in your business. We will look to NARI national and other professional bodies to gain knowledge to help build your sales and profitability. NARI is in the process of developing standards that define what a mature remodeling business may look like in terms of business, marketing, and operating systems. It is expected that a long standing remodeling business could use these standards as a means of refining areas for operational improvement and increased profitability.

These same standards may serve as a road map for startups and newer remodeling companies as they look for ways to help productivity and develop a strong profitability model. NARI Tampa Bay will continue to keep you updated on the progress of this membership resource. [LEARN MORE](#)

NARI: Post-Election, Stay The Course, Advocate, and Educate

Donald Trump's election doesn't change any plans for the National Association of the Remodeling Industry. - *by Curtis Sprung - Remodeler Magazine*

Promoting skilled worker education and tax incentives for business owners continue to be NARI's plan once Donald Trump takes office with a Republican Congress behind him in January. The remodeling advocacy group says its message remains the same no matter who is in power and sees hope that some of its key issues will be addressed.

"There are no easy days in the work our members do," said Fred Ulreich, CEO of NARI. "If there's any way that we can make sure that we can continue to raise awareness and the advocacy of what it means to be a small business owner in this country, and how to make it at least less taxing--less red tape, all those things that would allow us to prosper---we're all for that. That mission hasn't changed." [READ MORE](#)

Even as New-Home Construction Rises, Keep an Eye on Remodelers

Index of remodelers' activity shows they'll experience steady growth through 2018

by Craig Webb - Remodeling Magazine

Fresh data from Metrostudy suggests that dealers should keep paying attention to their remodeler customers even as new-home construction continues to grow. The sister company to ProSales reported today that its Residential Remodeling Index (RRI) for the third quarter shows a 4.5% increase in remodeling activity nationwide compared with the third quarter of 2015. Even better, Metrostudy forecasts remodeling activity will increase another 4.4% in 2017 and 3.3% in 2018. [LEARN MORE](#)

Another great networking event...

Last Thursday members and guests enjoyed a great evening of networking at the showroom of JAMCO Unlimited in Safety Harbor. They heard from Schluter Systems about their innovative solutions for tile installations...

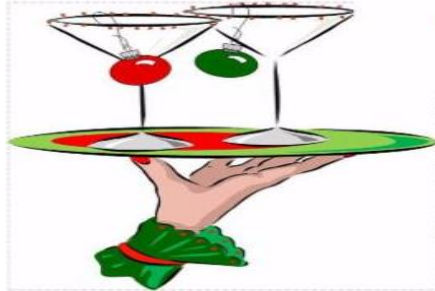

The evening was also to recognize several veterans in the area. Members heard about the work NARI members did on the home of guest of honor Sgt. Brian Beck. However, Brian was unable to join the group due to a health challenge but his service was honored by all at the event. Spc. Brian Boyd spoke in place of Sgt. Beck.

Later in the evening a check for \$1,000 was given to Toys for Tots from the donations given by NARI members throughout the year through the monthly dinner drawings... Please continue to support this great charity by buying tickets every month...

PLEASE JOIN US FOR NARI'S ANNUAL

Holiday Mingle & Jingle

Cocktail Party

Friday December 9th 2016

at 6:30pm to 8:30pm

400 BEACH
